THIS IS UNEVALUATED INFORMATION 50X1-HUM

1. The main installations of the Domince shipyard were completed by the end of 1950, but work is still in progress on the workers' living quarters, the waterfront and the aqueduct. The aqueduct is located on a hill above the shipyard; it is funnel-shaped with a large underground cistern from where the water will be conducted through pipes into the shipyard.
2. Production is devoted almost entirely to the construction of MAS torpedo boats. In August 1950, 12 MAS boats had been completed and tested; 10 to 15 were completed and undergoing tests and an additional 20 boats were under construction.
3. The chief expert for wooden ship construction is Engineer Berislav Baludjera.
4. A military industrial school with an enrollment of approximately 350 students is attached to the shipyard. The school is located on the Badija Island in the former Franciscan monastery. The officers and teachers of the school live in Orsbic and Peljesac.
5. The former Hotel Mon Repos, adjacent to the shipyard, is used as a boarding house for about 50 students of the Economic School.
